

```
package Assignment3_3;
```

```
public class example {  
    int x; int y;  
    String name;  
    public static void main(String args[]) {  
        example pnt = new example();  
        System.out.println ("pnt is " + pnt.name + " " + pnt.x + " " + pnt.y);  
    }  
}
```

Ans:- d. The program prints pnt is null 0 0.
